

INTRODUCTION

Most of this document is based on the Class Features UA. A few of the spells from the Spells and Magic Tattoos UA are also present.

The goal is to add some quality of life changes, as well as give characters some additional options in some places.

Nothing is mandatory to use, and none of the changes are meant to be so strong that they feel mandatory. The intent is that a character using any additional option presented here should not feel more powerful than a character not using these options. The options should add variety, but not significant power.

If this document is introduced in the middle of a campaign and you want to re-do character choices that you made earlier, talk with your GM.

All of these options are playtest options, and may change at any point in the future, for balance or other reasons. Typos may also happen, so if something looks strange, contact your GM or open an issue on github.

Ambush

When you make a Dexterity (Stealth) check or an initiative roll, you can expend one superiority die and add the die to the roll.

Bait and Switch

When you're within 5 feet of an ally on your turn, you can expend one superiority die and switch places with that ally, provided you spend at least 5 feet of movement. As a bonus action, you can command your familiar to make one attack.

Eldritch Armour

Prerequisite: Pact of the Blade feature

As an action, you can touch a suit of armor that isn't being worn or carried by anyone and instantly don it, provided you aren't wearing armor already. You are proficient with this suit of armor until it's removed.

Far Scribe

Prerequisite: 5th level, Pact of the Tome feature

A new page appears in your Book of Shadows. With your permission, a creature can use its action to write its name on that page,

which can contain a number of names equal to your Charisma modifier (minimum of 1). You can cast the sending spell, targeting a creature whose name is on the page, without using a spell slot and without using material components. To do so, you must write the message on the page. The target hears the message in their mind, and if the target replies, their message appears on the page, rather than in your mind. The writing disappears after 1 minute. As an action, you can magically erase a name on the page by touching the name on it.

Gift of the Protectors

Prerequisite: 9th level, Pact of the Tome feature

A new page appears in your Book of Shadows. With your permission, a creature can use its action to write its name on that page, which can contain a number of names equal to your Charisma modifier (minimum of 1). When any creature whose name is on the page is reduced to 0 hit points but not killed outright, the creature magically drops to 1 hit point instead. Once this magic is triggered, no creature can benefit from it until you finish a long rest. As an action, you can magically erase a name on the page by touching the name on it.

Investment of the Chain Master

Prerequisite: Pact of the Chain feature

When you cast find familiar, you infuse the summoned familiar with a measure of your eldritch power, granting the creature the following benefits:

- The familiar gains either a flying speed or a swimming speed (your choice) of 40 feet.
- The familiar no longer needs to breathe.
- The familiar's weapon attacks are considered magical for the purpose of overcoming immunity and resistance to nonmagical attacks.
- If the familiar forces a creature to make a saving throw, it uses your spell save DC.

ADDITIONAL SPELLS

The following spells are added to the game:

ACID STREAM

1st-level evocation

Casting Time: 1 action

Range: Self (30-foot line)

Components: V, S, M (a bit of rotten food)

Duration: Concentration, up to 1 minute

A stream of acid emanates from you in a line 30 feet long and 5 feet wide in a direction you choose. Each creature in the line must succeed on a Dexterity saving throw or be covered in acid for the spell's duration or until a creature uses its action to scrape or wash the acid off itself or another creature. A creature covered in the acid takes 3d4 acid damage at start of each of its turns.

At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, the damage increases by 1d4 for each slot level above 1st.

SPIRIT SHROUD

3rd-level necromancy

Casting Time: 1 bonus action

Range: Self

Components: V, S

Duration: Concentration, up to 1 minute

You call forth spirits of the dead, which flit around you for the spell's duration. The spirits are intangible and invulnerable, and they are good or evil (your choice). Until the spell ends, any attack you make deals 1d8 extra damage

when you hit a creature within 10 feet of you. This damage is radiant if the spirits are good and necrotic if they are evil. Any creature that takes this damage can't regain hit points until the start of your next turn. In addition, any creature of your choice that you can see that starts its turn within 10 feet of you has its speed reduced by 10 feet until the start of your next turn.

At Higher Levels. When you cast this spell using a spell slot of 4th level or higher, the extra damage increases by 1d8 for each slot level above 3rd.

OTHERWORLDLY FORM

5th-level transmutation

Casting Time: 1 action

Range: Self

Components: V, S, M (an object engraved with a symbol of the Outer Planes, worth at least 500 gp)

Duration: Concentration, up to 1 minute

Uttering an incantation, you draw on the magic of the Lower Planes or Upper Planes (your choice) to transform yourself. You gain the following benefits until the spell ends:

- You gain resistance to fire and poison damage (Lower Planes) or radiant and necrotic damage (Upper Planes).
- You are immune to the poisoned condition (Lower Planes) or the charmed condition (Upper Planes).
- Spectral wings appear on your back, giving you a flying speed of 40 feet.
- You have a +2 bonus to AC.
- All your weapon attacks are magical, and when you make a weapon attack, you can use your spellcasting ability modifier, instead of Strength or Dexterity, for the attack and damage rolls.
- You can attack twice, instead of once, when you take the Attack action on your turn. You ignore this benefit if you already have a feature, like Extra Attack, that gives you extra attacks.
